DETAILED ACTION

1. This office action is in response to Applicants' request for continued examination dated March 29, 2005. Amendments to claims 2, 6, 20-22 and 33 and cancellation of claims 34-46 have been entered. Rejection of claims made under 35 U.S.C. 112, second paragraph are withdrawn by the examiner in view of the amendments. Claims 2, 6, 17 and 20-33 are currently pending in the application. Claims 17 and 20-31 are subject to restriction/election as discussed below.

Election/Restrictions

2. This application contains claims directed to the following patentably distinct species of the claimed invention: claims 17 and 20-31 are directed to different species of the generic feature of randomly displaying an offer as discussed below.

Specie 1A Claims 17-25

Specie 1B Claims 26, 27, 29, 30

Specie 1C Claims 28, 31

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 2 and 6 are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Art Unit: 3624

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
